# CO-LOCATION HOSTING

Customised, Flexible, Co-Location Hosting solutions from WebServer.com.my
Complex hosting products to meet your needs.

Co-Location Hosting

Co-location Hosting allows you to enjoy the many facilities available at our data centre at only a small fraction of cost towards setting up your own server. We will co-locate your server to permanently connect your business to the World Wide Web where your server will be accessible by anytime anywhere.

Co-Location Server Hosting Plan available with the following features:

Key Features

- Full root access
- Complete scalability to your growth
- Highest level of security
- Complete server control
- Greater uptime
- Ability to run custom applications
- Complete 24-hour server monitoring including reboots and normal hardware/software maintenance
- Perfect for web hosting resellers, web developers / designers and inexperienced server administrators
- Ideal solution for mission critical sites requiring custom server management
- Complete 24-hour server monitoring including reboots and normal hardware/software maintenance
- A perfect solution for webmasters needing greater flexibility, reliability and security for their clients

Other Features

- Free DNS for each of your domains
- Root access - you will have complete root access to the entire server
- Custom server name - we will name the machine any name you choose so that all logons and system messages are unique to your company
